\* We will bring these microphones! \*\* You provide!

## Effects List:

- Parallel compression on Drum-Group if analog
- Yamaha SPX, Lexicon PCM, TC D-Two
- Any other Reverbs and Delays are welcome!

Further Details (Read them and it will be really easy to work with MSK):

Contact sound engineer:

Rene Hofmann

rene@rhprod.de

0049 17630716096

- Names of the musicians: Drums - Steffen; Keys - Norman; Bass - Matte; Guitar - Seppi.
- Soundcheck will take about 45min maximum. In case of a hurry we are able to play only with a line check.
- If you have digital consoles, please let the sound engineer know which model!
- Please no drumriser! The musicians will stand together as close as possible.
- Information for light engineers: Please no strobe! Let the music inspire you and play with different colors and intensities. Never completely dark! Do not haze the whole stage!
- We bring our own visual show, so we need a white screen in the back. We have a projector and DVD player, if you have also a projector, feel free to install it to relieve this from MSK's sound engineer. Please provide a place for the projector (at least at from of house in heights 2,50m!), we will not accept a „we have no projector hanger“ or any other arguments. No projection, no show!

## Hospitality:

- Travel Party is 6 people (4x musicians, 1x sound engineer, 1x merch)!  
For accomodation please provide 3 twin rooms, no double beds! No private stays!
- For merchaning please provide a table at least 3m x 1m with light and power. If open air, please make shure it's roofed!

## Food and Beverage:

- Warm dinner or 20€ buy-out each person  
= 4 vegetarians, 2 carnivores! We don't mind if everything is vegetarian.
- Welcome snacks
- Water!
- 2 cases of local beer
- 2 bottles of local red wine
- 1 bottle of quality rum (Havana Club, Myer's Rum), 1 case of Coke, ice and limes
